

CLOVER GARDEN SCHOOL

Home of the Grizzlies

7-15-2020

Good afternoon CGS Families,

We are excited to begin our 2020-2021 school year in less than two short weeks! We wanted to take the opportunity today to send out a message in regards to Governor Cooper's announcement that was made yesterday about plans for reopening schools in North Carolina.

As of yesterday, July 14, 2020, Governor Cooper has given districts the autonomy to open for the 2020-2021 school year based upon two options. Districts may utilize the Plan B option for re-opening schools which includes a hybrid of both on-site and remote learning opportunities. Governor Cooper also gave the option for districts to re-open utilizing Plan C, which requires all remote learning.

At this time, it is in the best interest of our Clover Garden School family to continue moving forward with our Plan C. This option will provide necessary health and safety protection for all of our students, teachers, staff, and families during this COVID-19 pandemic. Clover Garden School will continue providing remote instruction until further notice. We will continue to monitor the health and safety guidelines from the CDC, NCDHHS, and our local health department for changes and updates.

Overall, our remote learning plan is temporary until we can safely bring students, teachers, staff, and families back on campus.

Please continue to monitor your email, our school's website, and our social media page for updates.

We greatly appreciate your patience and flexibility as we navigate these uncharted waters together!

Thanks,

Mrs. Vereyken
