

# CLOVER GARDEN SCHOOL

*Home of the Grizzlies*

Monday, June 20, 2022

Hello Parents,

On behalf of Clover Garden Athletic Boosters, we want you to know we have heard your questions and concerns about the recent budget cuts to the Clover Garden athletic programs. It is our desire to have a fully funded athletic program for the 2022/2023 school year and we firmly believe that will be the case. We strongly believe sports participation has a positive impact on student athletes, the student body, Clover Garden School and our community. We believe sports provide a platform to build strength, courage, team building and the character development needed to excel not only in athletics, but in life. We serve because we are committed to the athletic and character development of student athletes at Clover Garden.

We just completed our most successful athletic year at Clover Garden. A big thank you goes out to all athletes, coaches, our athletic director and support staff which all worked tirelessly to make this happen.

We pledge to continue every effort to support our kids and coaches as our athletic program continues to grow. For those of you who have already asked, "How can I help?" You can help by coming out to support our athletes, participating in all fundraisers and by attending and actively participating in Athletic Booster meetings where we are always open to new ideas and in need of some helping hands.

We are excited about the future of Clover Garden and the athletics program. We hope you are as well. So, come out, enjoy a game and get involved with Clover Garden Athletics. Let's have another great year!

Can't wait to see you there.  
GO GRIZZLIES!

Your CGS Athletic Booster Club Board of Directors
